

WDS-QMP-106	<b>Environmental Policy Statement</b>			Rev 2	Pg 1 of 1
Issued by:	JAD	Date:	01/Oct/2024	Approved:	JAD

**Environmental Policy Statement**

WDS recognizes the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements relating to the provision of product engineering, design and other related services. It is the Organization’s declared policy to operate with and to maintain good relations with all regulatory bodies.

Scope:  
The provision of product engineering, design and other related services.

The management is committed to carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:

- a) Comply with all applicable legislation
- b) Minimize the production of waste
- c) Minimize material utilization & wastage
- d) Minimize energy wastage
- e) Promote the use of recyclable and renewable materials
- f) Reduce and/or limit the production of pollutants to water, land and air
- g) Control noise emissions from operations
- h) Minimize the risk to the general public and employees from operations and activities undertaken by the Organization.
- i) Communicate with staff and other interested parties on all of the above

This Policy is communicated to all employees, suppliers and sub-contractors and is made available to the public.

The policy review date is 01/Oct/2027
